May 2018

Dear parent/carers,

Re: Important changes to data protection law

You may be aware that from 25th May, the rules around data protection are changing. The 'General Data Protection Regulation' (GDPR) will change how we can use your personal data and keep it safe, and will also strengthen your rights over your own data.

The point of this is to make sure sensitive or private information about yourselves and your children stays safe. Whilst it is similar to the current Data Protection Act in many ways, there are a few differences, so we need to make a few changes at the school in order to ensure we remain compliant.

One of these changes is that we have updated our privacy notice. This can be found on our website.

Under the new regulations we need your consent for using photographs or videos of your child on our website, as well as for internal displays or other school materials. We are in the process of building a new school website and a local photographer will be visiting the school after half term to take some photographs for the new website. Please can you complete and return the attached consent forms to the school office by 25 May 2018.

If you have any questions about how the GDPR affects you, or how our school is preparing, please see the video on the school website. You can also contact Mrs Jo Gatherer, our Data Protection Officer.

Yours faithfully,

JKelly
