

GLEBE PRIMARY SCHOOL UNITED LEARNING ACADEMY

E-Safety Policy 2025-2026

Updated: Spring 2025
New Review: Spring 2026

Approved by the Local Governing Board on 21st January 2025

Signed by: Mr. James Dempster
Position: Chair of the Local Governing Body

At Glebe Primary School, we believe that ICT is central to all aspects of learning; for adults and children in both the school and the wider community. Provision should reflect the rapid developments in technology. ICT is a life skill and should not be taught in isolation.

The purpose of this policy statement is to:

- ensure the safety and wellbeing of children and young people is paramount when adults, young people or children are using the internet, social media or mobile devices
- provide staff and volunteers with the overarching principles that guide our approach to online safety
- ensure that, as an organisation, we operate in line with our values and within the law in terms of how we use online devices.

Glebe Primary School works with children and families as part of its activities. These include:

- Providing opportunities within the ICT and PSHE curriculum areas to teach about e-safety.
- Educating pupils on the dangers of technologies that may be encountered outside school is done informally when opportunities arise and as part of the curriculum.
- Pupils are taught about copyright and respecting other people's information, images, etc. through discussion, modelling, and activities as part of the ICT curriculum.
- Pupils are aware of the impact of online bullying through PSHE and are taught how to seek help if they are affected by these issues. Pupils are also aware of where to seek advice or help if they experience problems when using the internet and related technologies (cyber bullying)
- Pupils are taught to critically evaluate materials and learn good searching skills through cross curricular teacher models, discussions and via the ICT curriculum
- Pupils are taught about the risks inherent in using social media, particularly if they are contacted by people they do not know

The policy statement applies to all staff, volunteers, children and young people and anyone involved in Glebe Primary School's activities.

Legal framework

This policy has been drawn up on the basis of legislation, policy and guidance that seeks to protect children in England. Summaries of the key legislation and guidance are available on:

- [online abuse](#)
- [bullying](#)
- [child protection](#).

Currently the internet technologies children are using both inside and outside of the classroom include:

- Websites
- Learning Platforms and Virtual Learning Environments
- Email and Instant Messaging
- Chat Rooms and Social Networking
- Blogs
- Podcasting
- Video Broadcasting
- Music Downloading
- Gaming
- Mobile/ Smart phones with text, video and/ or web functionality
- Other mobile devices with web functionality

All staff should be familiar with the school's policies and procedures including:

- safe use of e-mail
- safe use of the Internet
- safe use of the school network, equipment and data
- safe use of digital images and digital technologies, such as mobile phones and digital cameras
- publication of pupil information/photographs on the school website
- procedures in the event of misuse of technology by any member of the school community (see Acceptable Use policy)
- their role in providing e-safety education for pupils.

Staff are reminded/updated about e-safety regularly and new staff and students receive information on the school's Acceptable Use policy as part of their induction.

We believe that:

- children and young people should never experience abuse of any kind
- children should be able to use the internet for education and personal development, but safeguards need to be in place to ensure they are kept safe at all times.

We recognise that:

- the online world provides everyone with many opportunities; however it can also present risks and challenges
- we have a duty to ensure that all children, young people and adults involved in our organisation are protected from potential harm online
- we have a responsibility to help keep children and young people safe online, whether or not they are using Glebe Primary School's network and devices
- working in partnership with children, young people, their parents, carers and other agencies is essential in promoting young people's welfare and in helping young people to be responsible in their approach to online safety
- all children, regardless of age, disability, gender reassignment, race, religion or belief, sex or sexual orientation, have the right to equal protection from all types of harm or abuse.

We will seek to keep children and young people safe by:

- appointing an online safety coordinator, Mrs Casey Groves.
- providing clear and specific directions to staff and volunteers on how to behave online through our behaviour code for adults
- supporting and encouraging the young people using our service to use the internet, social media and mobile phones in a way that keeps them safe and shows respect for others
- supporting and encouraging parents and carers to do what they can to keep their children safe online
- developing an online safety agreement for use with young people and their parents or carers
- developing clear and robust procedures to enable us to respond appropriately to any incidents of inappropriate online behaviour, whether by an adult or a child or young person
- reviewing and updating the security of our information systems regularly
- ensuring that user names, logins, email accounts and passwords are used effectively
- ensuring personal information about the adults and children who are involved in our organisation is held securely and shared only as appropriate
- ensuring that images of children, young people and families are used only after their written permission has been obtained, and only for the purpose for which consent has been given
- providing supervision, support and training for staff and volunteers about online safety
- examining and risk assessing any social media platforms and new technologies before they are used within the organisation.

If online abuse occurs, we will respond to it by:

- having clear and robust safeguarding procedures in place for responding to abuse (including online abuse)

- providing support and training for all staff and volunteers on dealing with all forms of abuse, including bullying or cyberbullying, emotional abuse, sexting, sexual abuse and sexual exploitation
- making sure our response takes the needs of the person experiencing abuse, any bystanders and our organisation as a whole into account
- reviewing the plan developed to address online abuse at regular intervals, in order to ensure that any problems have been resolved in the long term.

Related policies and procedures

This policy statement should be read alongside our organisational policies and procedures, including:

- child protection
- procedures for responding to concerns about a child or young person's wellbeing
- dealing with allegations of abuse made against a child or young person
- managing allegations against staff and volunteers
- code of conduct for staff and volunteers
- anti-bullying policy and procedures
- photography and image sharing guidance.
