Results and Performance

Attainment 2025

As in all schools in England, we test our pupils at the end of Key Stage 2. We are then able to compare the results with other schools and the average for all pupils nationally. The information below, shows the most recent outcomes of our KS2 statutory assessments. Please click here to access our latest published Key Stage 2 Results and Performance Tables on the DFE website. Please note that only 2025 results are visible on the DFE website as the school joined an academy trust in 2024 so no previous data is visible. Previous data is available on this page.

Key Stage 2 – Statutory Assessment Data 2025

KS2 60 children: 42% PP/ 25% SEN	School Expected Standard	School Greater Depth	National Expected Standard	Average Scaled Score
Reading	60%	15%	74%	102
